

## Be like me - 1/2

**Interprété par Mdfmk.**

I hear you speaking loud and clear  
But i still can't understand  
I think i'd rather kill myself  
Than meet your demands

I never needed reason  
To reason with my mind  
I can see the future  
And today is a good day to die

I need new enemies  
I need new strategies  
I need the pain to feel something  
I need to shed some skin  
To be like me  
Again  
A brand new me  
To be like me  
Again  
Again  
A brand new me

I read the writing on the wall  
But the messages is all wrong  
I got the world inside my head  
And it's ticking like a bomb

I never needed justice  
To justify myself  
I can see the future  
And it looks a lot like hell

I need new enemies  
I need new strategies  
I need the pain to feel something  
I need to shed some skin  
To be like me  
Again  
A brand new me  
To be like me  
Again  
Again  
A brand new me

Flip the switch  
Pull the plug  
I fell inside

## Be like me - 2/2

The hole i dug

Walk the walk  
Crash and burn  
Another stone  
I have to turn

I need new enemies  
I need new strategies  
I need the pain to feel something  
I need to shed some skin  
To be like me  
Again  
A brand new me  
To be like me  
Again  
Again  
A brand new me  
To be like me  
To be like me  
To be like me  
To be like me  
To be like me  
To be like me  
To be like me  
Again
