

Cricle of one - 1/1

Interprété par Julie Masse.

A caravan is moving
Through the light and shadow
By the edge of the world

Love sees no colour
From the bdriges we all need ty
cross
Imagine the morning

REFRAIN

Open up your heart
Let love shine
Don't let the sun go down
Open up youe heart
Let's love rise
Into this circle of one

And the raven watches
As the voice of angles lead us to
the place
Where we taste the water
Where we let the rainfall touch
every child's face

'Cause love sees no religion
From the bridges we all need to
Imagine tomorrow

REFRAIN

Take your borther's hand
Yes it's time that we
understand
to love each other
Is the one command
Worth fighting for

Open up your heart
Let love shine
Don't let the sun go down
Open up youe heart
Let love flow
Let the feeling surround you
Open up open up your heart
Let's love rise
Into this circle of one
