

## In my dream - 1/1

**Interprété par Markize.**

Sun has left my home the rain has begin to fall  
I am asleep,  
On a burning cloud,  
Rats are running all around,  
It's my dream,

Chorus:

In my dream I am flying  
The rats are biting me  
In my dream I am dying  
Why don't you hear me?

I am swiming in my tears,  
I see all my life before,  
It was quiet, it was empty,  
Of happiness and love,  
Of your delicate presence,  
Now I see pearls of sadness,  
Crossing my skin ,  
Like knives they kill me.

Chorus:

Screaming is not enough  
silence has captured me now  
My body doesn 't move anymore  
I want to wake up but I can't  
Now I see pearls of sadness,  
Crossing my skin ,  
Like knives they kill me  
Don't you know how I feel?  
Loosing control of my mind and my body,  
Like sometimes in reality.

Chorus:

Pont:

I try to save myself but I see that I never will,  
My spirit suffers even if I know that it's a dream,

Chorus x 2:

In my dream I am flying  
The rats are biting me  
In my dream I am dying  
Why don't you hear me?
