

Very last moment - 1/1

Interprété par Lindsay Lohan.

Time stops for no one and moves on unaware
it's easy not to notice
it's easy not to care
conversation circles
and money changes hands been standing in the middle
i've been caught up in the spin
out of the confusion
the static and the noise you got my attention
it made me wanna live

Chorus:

Live its the last moonrise
scream just like none is there
lose all of my defenses
hold you touch you love you like its
a very last moment in time

It seems like I woke up beneath a different sky
And I'm drunk I want I'm seeing through these open eyes
all the little ways you move me
all the pieces you expose
The illusion I held on to
you've got me letting go

I just wanna stay here soaking up the rain
Falling out around me watch the world away

(chorus)

Let me feel you next to me
let me taste the breath you breathe
open up the space between us

(chorus)
