

Beside you in time - 1/1

Interprété par Nine Inch Nails.

I am all alone this time around
Sometimes on the sides I hear a sound
Places parallel I know it's you
Feel the little pieces bleeding through

This goes on, and on, and on

Now that I've decided not to stay
I can feel me start to fade away
Everything is back where it belongs
I will be beside you before long

This goes on, and on, and on

We will never die, beside you in time
