

## Here to stay - 1/1

Interprété par Watts.

This is seedy  
This is sacred  
And here's the place  
My love is hatred  
And I can't stop drinking  
Cause I can't stop thinking  
The triumph of my will  
Is the triumph of this pill  
Hey now I'm here to stay  
You better pray  
Hey now I'm here to stay  
Kiss my ass and pray  
You get hooked  
You're getting cooked  
You get burned you get shot  
Just like the bullet to the tomb  
Like the needle and the spoon  
I'm longing for the hit  
I'm the fly drawn to the shit  
Hey now I'm here to stay  
You better pray  
Hey now I'm here to stay  
Kiss my ass and pray  
You're feeling pure  
And you're in reach  
So shut your little mouth  
And do not preach  
You've got sex  
And you're cashing checks  
Now just because you can  
Turn this piggy into ham  
Hey now I'm here to stay  
You better pray  
Hey now I'm here to stay  
Kiss my ass and pray  
I wanna pray with you  
My love is hatred now  
I wanna pray with you  
My love is hatred
