

Junky - 1/1

Interprété par Watts.

Your regular attraction's
Now my terrible distraction
From the devils debt here it comes
A little deal dressed up as an invitation
Now my final ultimatum
Healing hands now blame me
Shoot shovel shut up baby
Cause I'm a junky
I'm a junky all the time
Now I want it so come and fuck me
I'm a junky all the time
Now I want it so come and fuck me
Non belongs non believers
Distant dogs howl distantly
Free to flight fight and beg
My open arms your open legs
Thy silent self blame slowly seeks
Mouth to mouth survival weeps
The shortest cut comes to cheat
The blinded beast becomes the priest
Cause I'm a junky
I'm a junky all the time
Now I want it so come and fuck me
I'm a junky all the time
Now I want it so come and fuck me
Your beauty burns into my brain
The loan is paid by hurt and pain
Faith is feeling fear stealing
Love is fire seduce this liar
Rejections lost retaliation fear is rehabilitation
Big god big plan big gun big bang
You hear I'll heal
But still I'll hang
I'm a junky all the time
Now I want it so come and fuck me
I'm a junky all the time
Now I want it so come and fuck me
