

Vitriol vice and virtue - 1/1

Interprété par Watts.

You hit you hurt resign
Your crust will crumble into mine
You carve your crime with mine
And one more sucker tows the line
The devils debt my little deals
I take my corners on two wheels
Keep it dumb just one hitch
I am the scratch you could never itch
Keep it dumb just one hitch
My god is begging me for one more fix
I hate to break but I can't relate
So I shoot shovel and shut up baby
I hate to break but I can't relate
So I shoot shovel and shut up baby
Vitriol vice and virtue
Your cure my sewer
I'll take your time upon the skewer
I fleet so much and with your touch
This piglet needs to feel your crutch
The crush the cry
The scream the lie
The answer crawls out of your eye
The hope the tricks
My god is begging me for one more fix
I hate to break but I can't relate
So I shoot shovel and shut up baby
I hate to break but I can't relate
So I shoot shovel and shut up baby
Vitriol vice and virtue
I hate to break but I can't relate
So I shoot shovel and shut up baby
I hate to break but I can't relate
So I shoot shovel and shut up baby
Vitriol vice and virtue
