

## Fuck me (avec kmfdm) - 1/1

**Interprété par Pig.**

Amuck, here I hide  
A severed head I keep alive  
Ive got losers blood, heres my pride  
looking down the barrel of a forty-five

Stick me, leave, dont say you need me  
Dick me, suck me, come on  
Fuck me  
Fuck me  
Fuck you  
Fuck me  
Fuck me  
Fuck you

You dont have to look at the man  
to be swinging, poking in the fire

I'm young dum, full of fun  
I feed my fire, fist in me cum  
The light of my life is a switchblade knife  
This gun becomes my lawful wife

Fick mich  
Fick mich  
Fick mich  
Fick mich

I wanna kill, I wanna cut  
alright shut up  
I wanna feel myself tonight  
I wanna feel this noose grow tight  
I will devour and taste the power  
as I crawl my tonic mile  
Caress your stubborn hair  
when I was a flaming lover

Stick me, leave, dont say you need me  
Dick me, suck me, come on  
Fuck me  
Fuck me  
Fuck you  
Fuck me  
Fuck me  
Fuck you
