

World's junk - 1/1

Interprété par Schwein.

You're my signapore sling
My little stalingrad thing
I buy my cigarettes in tens
You're the zoom zoom in my lens
You're a social disease
Gonna do what I please
Better do what I please

Sixteen tinnies, what do you get?
You got puke on your shirt
And your covered in shit
One line, one life
One little flick for one little knife
Now you're a social disease
But you've gonna do what you please
You're a social disease
Don't you know you do what I please

I'm a social disease
You're my signapore sling
My little stalingrad thing
My little stalingrad thing
My little stalingrad thing
My little stalingrad thing
You're a social disease
Get down do what I please
Stalingrad baby

You get hatched
You get matched
I'm the one gonna get dispatched
I'm a social disease
