

You're my disease (english) - 1/1

Interprété par Schwein.

The thing that I feel is crazy ecstasy
Darkness to your eyes tempting me
The crawling love with seeking dirty flesh
nail is scratching the heart violently

Just like you do as you please
You're my disease
Just like you do as you please
Disgrace me
Flowing rose color and you are going mad
Just like you do as please
You're my disease
Just like you do as you please
you are going mad
Just like you do as you please
Disgrace me
Flowing rose color and you are going mad
Just like you do as you please
Disgrace me

I don't have wound which hurts and runs
You are smiling supremely
The endless love
I'm drunk, faint, drown and falling into the world where I feel so numb
