

## If love is out the question - 1/2

Interprété par Céline Dion.

You bought me flowers and you sold me a line  
You gave me compliments and too much wine  
I've played that game I know all the moves

You show emotion but you hide what you feel  
You play the innocent but I've watched you steal  
I rest my case you stand accused

But I must confess I was quite impress  
You seduced me with your easy charm  
And I must admit I could fall for it

Chorus:

=====

But I love is out the question  
There's no point to this affection  
I gotta have more than ecstasy  
Make me believe  
I'm all you'll every need  
Make me believe  
Cos if love is out the question  
Put a little heart in your intention  
I gotta have more than ecstasy  
Make me believe  
I'm all you'll every need  
Hey hey hey hey

You talk in circles when I need a straitline  
You've got your principles and I've got mine  
We all need commitment that's all I ask  
Is that a crime

And I must confess I was quite impressed  
I was losing to your winning ways  
But I must resist there's no point to this

But if love is out the question  
There's no point to this affection  
I gotta have more than ecstasy  
Make me believe  
I'm all you'll every need

Cos if love is out the question I just gotta stop  
Little point to this affection I just want stop  
It makes no sense to carry on like this  
If there's nothing between us  
You don't know what you'll miss

## If love is out the question - 2/2

No love  
There's no love  
Baby it's true  
There's no love

But if love is out the question  
There's no point to this affection  
But if love is out the question  
There's no point to this affection  
But if love is out the question  
There,s no point to this affection  
But if love is out the question
