Big Cheese

Big cheese - make me
Mine says, "Go (to) the office"
Big cheese - make me
Mine says, what the hell?

Black is black, (no) trade back
We were enemies
Sure you are, but what am i?
We were enemies

Big lies make mine
Mine said "Go (to) the office"

Big cheese - make me
Mine said, what's the code

Black is black, (no) trade back
We were enemies
She eats glue, how 'bout you?
