

Infra red - 1/1

Interprété par Placebo.

One last thing before I shuffle off the planet,
I will be the one to make you crawl,
So I came down to wish you an unhappy birthday,
Someone call the ambulance,
There's gonna be an accident

I'm coming up on infra-red,
There is no running that can hide you,
Cause I can see in the dark,
I'm coming up on infra-red,
Forget your running,
I will find you.

One more thing before we start the final face-off,
I will be the one to watch you fall,
So I came down to crash and burn your beggars banquet,
Someone call the ambulance,
There's gonna be an accident.

I'm coming up on infra-red,
There is no running that can hide you,
Cause I can see in the dark,
I'm coming up on infra-red,
Forget your running,
I will find you.

Someone call the ambulance,
There's gonna be an accident.

I'm coming up on infra-red,
There is no running that can hide you,
Cause I can see in the dark,
I'm coming up on infra-red,
Forget your running,
I will find you,
Cause I can see in the dark,
I'm coming up on infra-red,
There is no running that can hide you,
Cause I can see in the dark,
I'm coming up on infra-red,
Forget your running,
I will find you (x 3)
