

Fortune faded - 1/2

Interprété par Red Hot Chili Peppers.

They say at chess you've got to kill the queen
And then you've made it...

Do you?

A funny thing, a king that gets himself
Assassinated...

Hey now, every time I loose...
Altitude...

You took the town by storm
Now the mess you made is nominated...

Do you?

Now put away your welcome,
Soon you'll find you've overstayed it

Hey now, every time I loose...
Altitude...

So divine, hell of an elevator,
All the while, my fortune faded,
Never mind the consequences of my
Wildest time, my fortune faded...

To medicate this state of mind,
You'll find is overrated...

Do you?

You saw it all come down and now
It's time to imitate it...

Hey now, every time I loose...
Altitude...

So divine, hell of an elevator,
All the while, my fortune faded,
Nevermind the consequences of my
Wildest time, my fortune faded...

Come on God, do I seem bulletproof?

So divine, hell of an elevator,
All the while, my fortune faded,

Fortune faded - 2/2

Nevermind the consequences of my
Wildest time, my fortune faded...
So divine, hell of an elevator,
All the while, my fortune faded,
Nevermind the consequences of my
Wildest time, my fortune faded...
