

Remember tomorrow - 1/1

Interprété par Iron Maiden.

Unchain the colours before my eyes
Yesterdays sorrows tomorrows white lies
Scan the horizon the clouds take me higher
I shall return from out the fire

Tears for remembrance and tears for joy
Tears for somebody and this lonely boy
Out in the madness that all seeing eyes
Flickers above us to light up the sky

Unchain the colours before my eyes
Yesterdays sorrows tomorrows white lies
Scan the horizon the clouds take me higher
I shall return from out the fire
