

Where he belongs - 1/1

Interprété par Mentake.

Falling apart, still so selfish and quite weak
Hiding the truth, we said we would nver lie
He's been alone and he don't care
Back in his cage where he belongs

I know it's all the same now

Yeah, back in your cage
Yeah it's where you belong

You still around, you're just always in the way
But not for long, cause we've seen inside of you
he's been alone and he don't care
Back in his cage where he's belongs

I know it's all th same now

Yeah, back in your cage
Yeah it's where you belong
