

## The poison - 1/1

**Interprété par Bullet For My Valentine.**

Now, is your time to die  
We've gathered here to say goodbye  
No, more, you'll cry  
No reason left for you to fight

Feel, pain, no more  
Emotions never felt before  
Where, do, we go  
We go, she'll never know

Holding on to you, to keep from falling  
Your eyes are closing now  
Another chapter's ending

Hard, times, we always saw  
There's nothing left of you no more  
Fear, has, no place, no place  
Cover her face

Holding on to you, to keep from falling  
Your eyes are closing now  
Another chapter's ending

This is our last goodbye (goodbye!)  
This is our time tonight

Holding on to you!

Cover up her face!

Holding on to you... To keep from falling!

Holding on to you, to keep from falling  
Your eyes are closing now  
Another chapter's ending

This is our last goodbye (goodbye!)  
This is our time tonight (goodbye!)

This is our last goodbye!
