

Let's go parking baby - 1/1

Interprété par The Caesars.

I know i'm out of line
Are we out of touch
But this is all too much

You're such a groovy girl
I love to strap her on
When i'm really gone

Let's go parking baby
Stay out all night
You and me together
2 wrongs don't make a right
Sweetest punks you've ever seen

You're such a crazy girl
She doesn't make no sense
It doesn't bother me

She always throws me out
She always makes a scene
She's just the sweetest thing

Let's go parking baby
Stay out all night
You and me together
2 wrongs don't make a right
Your black hair is so obsecene
My heart aches at what a state i'm in
