

Tentative - 1/1

Interprété par System Of A Down.

Suffocation taking all of us for our right
Bombs are overticking by the sides sense no right
The bombs are falling overhead with no say
While you were talking all the cursed

Some tell us where you're going to the bottom
Do you hear us we are rotting?
We're going down in a spiral to the ground
No one, no one's gonna save us now!

Ceremony circum relatives of sacred lifes
The mask are understanding illusion of they're in the fight
The true believers have what's faded and sunlight
when you were walking all beacuse

Oh, tell us where you're going to the bottom
Do you hear us we are rotting?
We're going down in a spiral to the ground
No one, no one's gonna save us now, not even god!
No one saved us, no one's gonna save us

Where do you expect us to go when the bombs fall?
Where do you expect us to go when the bombs fall?
Where do you expect us to go when the bombs fall?
Where do you expect us to go when the bombs fall?

Suffocation taking all of us for our right
Bombs are overticking by the sides sense no right
The bombs are falling over our head with no say
While you were talking all the cursed cursed cursed cursed
We're going down in a spiral to the ground
No one, no one's gonna save us now! (not even god!)
No one saved us, no one saved us
No one saved us, no one's gonna save us now
Where do you expect us to go when the bombs fall?
