

## Makin me crazy - 1/2

Interprété par Tommy Lee.

Seasons change

And you remain to find me here

A parting gift

You woke me to how I can feel

Cause its in your hands I heal

Where the hell you been?

Wish I'd met you then Let you in

Lovers Start as friends hope this never ends

Lets begin

Ohh yeah yeah

Lets begin

Where the hell you been?

Wish I'd met you then Let you in

Lovers Start as friends hope this never ends

Lets begin

Ohh yeah yeah

Lets begin

So say the words

Say the words I want to hear

Oh yeah

Cause I've the faith

Even if my bloods unclear

I've no more desire to fear

Where the hell you been?

Wish I'd met you then Let you in

Lovers Start as friends hope this never ends

Lets begin

Ohh yeah yeah

Lets begin

Where the hell you been?

Wish I'd met you then Let you in

Lovers Start as friends hope this never ends

Lets begin

Ohh yeah yeah

Lets begin

I love it when you say and maybe

I love it when you make me crazy

I love it when you say and maybe

I love it when you make me crazy

Where the hell you been?

Wish I'd met you then Let you in

Lovers Start as friends hope this never ends
