

Mellow mood - 1/1

Interprété par Bob Marley.

I'll play your favorite song, darling
We can rock it all night long, darling
Love, sweet love, darling
Mellow mood has got me
So let the music rock me
Cos i've got to love, darling
Love, sweet love, darling

Quiet is the night
Please turn off your light

I'll play your favorite song, darling
We can rock it all night long, darling

Strike the hammer while iron is hot
Strike the hammer while iron is hot
Strike the hammer while iron is hot
Open up your heart
Open up your heart
Let love come runnig in, darling

Love, sweet love, darling
Love, sweet love, darling
Mellow mood has got me, darling
Let love come runnig in, darling
Cos i've got to love, darling
Love, sweet love, darling
