

Chances are - 1/1

Interprété par Bob Marley.

Chances are, we're gonna leave now
Sorry for the victim now,
Though my days (oh my days) are filled with sorrow
I see years of bright tomorrow

Chances, chances are, some might not hold out
Chances are (chances are) hang on right on

Though oh-oh-oh-my-my days are filled with sorrow
I see years of bright tomorrow

Chances, chances are, some might not hold out
Chances are, hang on right now
Chances are, (chances are) oh chances, you're my chances
Chances are (chances are) hang on right now
Chances are (chances are) hang on right now

Feel with loneliness, i'll take some tear drop
Chances are, we'll have to win
Chances are, hang on right now
Chances are, chances are.
