

All day all night - 1/2

Interprété par Bob Marley.

Oh, said I'll never gonna give my love to nobody but
You babe (but you babe)
And if I'm gonna give my love to nobody but you babe
(but you babe)
So love me forever, I say love me forever
Oh baby, love me not just for pleasure
Love me always forever cos I love you
Couldn't be better, said I'll give all my love to you
Babe
You've got my love, you've got my love (right now)
Said I'll give all my love to you babe
You've got my love, you've got my love
So don't you ever give your love to nobody but me babe
(but me babe)
Don't you ever give your love to nobody but me babe
(but me babe)
Eh, all day and all night, I say all day and all night
Our love needs protection
Our love needs direction
I love you
Said I'm giving my love to you babe
You've got my love, you've got my love
(I'll be what I say)
Said I'm giving my love to you babe
You've got my love, you've got my love
Oh, I'll never gonna give my love to nobody but you babe
(but you babe)
Never gonna give my love to nobody but you babe
(but You babe)
I'll never gonna give my love to nobody but you babe
(but you babe)
Never gonna give my love to nobody but you babe
(but You babe)
Said I'm giving my love to you babe
You've got my love, you've got my love (right now)
Said I'm giving my love to you babe (oh babe)
You've got my love, you've got my love
Oh, I'll never gonna give my love to nobody but youBabe
(but you babe)
I'll never gonna give my love to nobody but you babe
(but you babe)
Love me forever, I say love me forever
Oh baby, love me not just for pleasure
Love me always forever cos I love you (baby now)
Said I'm giving my love to you babe
You've got my love, you've got my love
Said I'm giving my love to you babe
