

## These days - 1/1

**Interprété par Ayo.**

I know, I should be more grateful  
Grateful for everytihng I have  
And I know, I should be less downfall  
But unfortunately, I am just human

I'm in a big cold surrounded by fear  
I'm in a deep dark hole  
Deep enough for me to disappear  
But where should I go  
If earth's the only place I know  
All I know is I don't want this anymore  
Livin' out life without nowhere  
what a distant is searching for

There are days where I would love to be somebody else  
Days where I am fighting myself  
There are days where I wish I could be a child again  
And sometimes days where I wish they wouldn't last  
Days, where I wish I would be dead

Step back, stay away from me  
Can't you respect that I only need my peace  
These days I'm too weak to see  
These days I'm all about me  
I don't want to talk this out  
Cause there are certain things  
We don't need to talk about  
The silence in between  
Will let you know what I mean  
And each time I try to escape  
I pray to go not to let me fake  
And to take my doubts away

There are days where I would love to be somebody else  
Days where I am fighting myself  
There are days where I wish I could be a child again  
And sometimes days where I wish they wouldn't last  
Days where I wish I would be dead....
