

Life is real - 1/2

Interprété par Ayo.

Some people say
That I'm too open
They say, it's not good to let them know
Everything about me
And they say, one day
They will use every little thing against me
But I don't mind
Maybe they're right
That's just how it is and I got nothing to hide.

(Refrain)

I live my life
The way I want
I've got nothing to hide
Nothing at all
Life is not a fairy tale
They should know that life is real.

I live my life
The way I want
I've got nothing to hide
Nothing at all
Life is not a fairy tale
Life is about more
Cause life is real

Life is real (X 2)

A friend of mine
Gave me an advice
He said be careful, and think twice
Before you talk about your life
Protect yourself, just keep quiet
The more they know, the harder they try
To spoil your ways, to spread lies
And even though I know he could be right I just said I..

I live my life the way I want
I got nothing to hide
Nothing at all
Life is not a fairy tale
They should know that
Life is real (refrain X2)

Life is real (X3)
