

Fallen - 1/1

Interprété par 30 Seconds To Mars.

Yeah, I've been to Jupiter
And I've fallen through the air
I used to live out on the moon
But now I'm back here down on earth

Why are you here ?
Are you listening ?
Can you hear what I am saying ?
I am not here, I'm not listening
I'm in my head and I'm spinning

Is this who you are ?
Some sweet violent urge
A weak fallen man
With the promise of an end ?

All the pretty people died
Innocence is out of style
All the whores have gone away
Now there's nothing left for me

Why are you here, are you listening ?
Can you hear what I am saying ?
I am not here, I'm not listening
I'm in my head and I'm spinning

Is this who you are ?
Some sweet violent urge
A weak fallen man
With the promise of an end ?

Is this who you are ?
Some sweet violent urge
A weak fallen man
With the promise of an end ?
