

## Deepest need - 1/2

**Interprété par Inept.**

After all this time i see its getting harder just to breathe i know i should leave here but where do i go.  
Sitting here just waiting for the day someone with papers comes up to me and says hey drop everything.

(pre chorus)

I'm sick of being here  
i've lost all room to care  
emotions at it's best  
Theres nothing i can do!  
I'm sick of being here  
i've lost all room to care  
emotions at it's best  
this life with you

(chorus)

Wa oh Wa oh it's my deepest need  
to say goodbye to this and you can see it in my eyes  
Wa oh Wa oh it's my deepest need  
to say goodbye to this and everything will be just fine

(verse 2)

keep saying to myself i wanna leave, skip the town, hit the fucking road..oh oh yeah!  
I'll be relieved when it comes i won't look back when it's time ill keep my eyes on this prize

(prechorus)

I'm sick of being here  
i've lost all room to care  
emotions at it's best  
Theres nothing i can do!  
(i've lost all room, to care in here, i cant stay here, for to much longer)  
I'm sick of being here  
i've lost all room to care  
emotions at it's best  
this life with you

(chorus)

Wa oh! Wa oh! it's my deepest need  
to say goodbye to this and you can see it in my eyes  
Wa oh! Wa oh! it's my deepest need  
to say goodbye to this and everything will be just fine

(bridge)

I'll go anywhere. take this anywhere that it wants to go i will be right there. ill go anywhere please just take me there. ill go anywhere, anywhere lets go!

And ill be holding on until this dream until that day comes
