

Goodnight and go - 1/2

Interprété par Imogen Heap.

Goodnight and Go

Say goodnight and go.
Skipping beats,
Blushing cheeks.
I am... struggling..
Daydreaming,
Bed scenes in... the corner cafe
And then I'm left in bits recovering tectonic... tremblings
You get me every time.

Why'd ya have to be so cute?
It's impossible to ignore you..
Must you make me laugh so much?
It's bad enough we get along so well..
Say goodnight and go.

Follow you home,
You've got your headphones on
And you're dancing
Got lucky;
Beautiful shot:
You're taking everything off
Watch the curtains wide open
And you're following the same routine;
Flicking through the TV, relaxed and reclining
And you think you're alone..

Oh, why'd ya have to be so cute?
It's impossible to ignore you,
Must you make me laugh so much?
It's bad enough we get along so well..
Say goodnight and go.

One of these days,
You'll miss your train,
And come stay with me...
{It's always say goodnight and go}
We'll have drinks,
And talk about things and,
Any excuse to stay awake with you...
You'd sleep here,
I'd sleep there,
But then the heating may be down again,
At my convenience...

Goodnight and go - 2/2

We'd be good,
We'd be great together...

Go (sigh)
{ Instrumental pause }

Why'd ya have to be so cute?
It's impossible to ignore you,
Must you make me laugh so much?
It's bad enough we get along so well..
Say goodnight and go.

Why's it always always:
goodnight and go?
Oh, Darling not again,
Goodnight and... go...
