

The last day - 1/1

Interprété par Tokio Hotel.

Now we are here again
Up here on your roof
The whole world down there can for all i care
Go under tonight
Are we for the last time together
It has just started recently
In case this day is the last one
Please do not tell me yet
In case this is the end for us
Don't tell
Last not yet
Is it already the day after
Where all the clocks stand still
Where it's finished at horizon
And all the dreams go to sleep
Are we for the last time together
It has just started recently
In case this day is the last one
Please do not tell me yet
In case this is the end for us
Don't tell
Not yet
This is the last day
This is the last day
Is this the last rain up here on your roof
Is this the last blessing and our last night
Has our end yet began. whatever we are still together
In case this day is the last one
Please do not tell me yet
In case this is the end for us
Don't tell
In case this day is the last one
Please do not tell me yet
And in case you stay then i will die
Not yet
Not yet
Is this the last rain up here on your roof
Is this the last blessing
Don't tell
Not yet
This is the last day day
