its on my mind to sit around and thnk about it
you kno i like you so ima gonna sing about it
i put my living inside you and dream about it
and now i need your loving dont wanna be without it
day and night sittin by the damn phone
tired like you trying to bring your man home
and when i hear you crying girl i cant't call
when all you need from me is just to say close

gone away, i kno your gone away
i kno your gone away
i kno your goneeee and i dont wanna live another day
gone away i kno your gone away
how could you
gone away i kno your gone and i dont wanna live another day

i tell you just to pray for me and move on
you tell me what you feel for me is too strong
and you been cryin up for me for so long
and even thou its right im feeling so wrong
and now you got me acting like i didnt kno you
im not gonna be around here so i cant control you
but i can only tell you what i wanna show you
im your love but you can find someone better for you

missed you waking up in the morning
if i can see your face i'll apoligize
but no matter how bad i want it
i kno that ill be with you in another life

missed you waking up in the morning
if i can see your face i'll apoligize
but no matter how bad i want it
i kno that ill be with you in another life

gone away, i kno your gone away
i kno your gone away
i kno your goneeee and i dont wanna live another day
gone away i kno your gone away
how could you
gone away i kno your gone and i dont wanna live another day

i heard your with somebody that treats you better
and even thou before you stay with me forever
and now im seeing that well never be together
and i now i seen it coming from the damn matter
and im sitting lonley in this empty house

Gone away - 2/2

and all i got is memories to think about
and even thou im broken ima make it out
and your loving is something that ima deal without

i missed you waking up in the morning
if i can see your face i'll apoligize
but no matter how bad i want it
i kno that ill be with you in another life

i missed you waking up in the morning
if i can see your face i'll apoligize
but no matter how bad i want it
i kno that ill be with you in another life

gone away, i kno your gone away
i kno your gone away
i kno your goneeee and i dont wanna live another day
gone away i kno your gone away
how could you
gone away i kno your gone and i dont wanna live another day
