

## Find your way - 1/2

Interprété par Ryan Cabrera.

I need a lover  
who keeps me warm inside  
she can discover  
anything she likes  
she can break, she can break a lot of things  
like my heart

I'm sinking slowly  
see your faces everywhere  
love can be so mean  
but i dont even care  
so i pray for the day you'll come back to me  
it's not right

Don't be afraid  
im gonna make everything ok  
tell me you'll stay  
i never wanted us to break  
you'll find your way  
you can have anything at all

So find your way

I need you lover  
cause you mean that much to me  
girl do you wonder  
what it all could be  
true romance  
we could dance the life away  
so right

Don't be afraid  
im gonna make everything ok  
tell me you'll stay  
i never wanted us to break  
go find your way  
you could have anything at all

So find your way

Don't be afraid  
i'm gonna make everything ok  
tell me you'll stay  
i never wanted us to break  
go find your way  
you can have anything
