

## Nobody someday - 1/1

Interprété par Robbie Williams.

I'm a gigolo  
I'm Joseph  
I'm a sad light of song  
And everybody that I know  
Are being known for being wrong  
If I'm not mistaken  
This is my heart breaking  
I'm the man who threw it all away  
Destiny is calling  
Telling me to be boring  
And I don't care anyway  
Gonna be nobody someday

I'm a demon that you fear  
I'm the joker  
I'm the thief  
I'm the lonesome cowboy riding  
I'm the Indian chief  
Gotta watch my figure  
Boy, if I get much bigger  
They'll stick a pin in me  
And I'll blow away  
But I get richer  
But they take my picture  
Taking my soul away  
Gonna be somebody someday  
Gonna be nobody someday

I'm a moonlight serenade  
I'm your bed when you are cold  
I'm the captain of Titanic  
I'm the passenger in the hole  
From the way I'm thinking  
We'll both be sinking  
I knew before we sailed away  
At the tip of my ego  
It's you saw anyway  
Gonna be nobody someday  
Gonna be somebody, la la  
La la
