

A different kind of blue - 1/1

Interprété par U2.

Those cars
All new
So small
Down there
From here
So high
We drift
We fly
The twilight breaking through
A different kind of blue
More lights
Blue signs
More gold
More new
So small
So high
Down there
Tonight
With the twilight breaking through
It's a different kind of blue
The twilight breaking through
It's a different kind of blue
