

Gone - 1/1

Interprété par Jesse Mccartney.

You'll see what it's like to be with another guy
Go try, baby find yourself another life
You say you don't need me
So baby, just leave me 'cause all of this pushin', pullin'
It ain't right
But before you go and blow off everything we had
Remember there are somethings you can never take back

You're gonna miss me when I'm gone
You're gonna feel what it feels like to be lonely, alone
When you see that I'm happy on my own
That's when your jealousy will grow
Baby, then you'll know that you should've never walked away
You made a big mistake
I'll be gone, gone, gone
I'll be gone, gone, gone

What's gonna happen when you hear I'm out with someone else
And you know that she has got me now
Will you be sorry ?
By then I won't be sorry
So before you go and blow off everything we had
You better stop and realize you'll never get me back

You're gonna miss me when I'm gone
You're gonna feel what it feels like to be lonely, alone
When you see that I'm happy on my own
That's when your jealousy will grow
Baby, then you'll know that you should've never walked away
You made a big mistake
I'll be gone, gone, gone
I'll be gone, gone, gone

Some doors open while other ones are closing
So if you think I'll sit here waiting
You better think again
You better think again

You're gonna miss me when I'm gone
You're gonna feel what it feels like to be lonely, alone
When you see that I'm happy on my own
That's when your jealousy will grow
Baby, then you'll know that you should've never walked away
You made a big mistake
I'll be gone, gone, gone
I'll be gone, gone, gone
