

Just go - 1/2

Interprété par Jesse Mccartney.

I trusted you
Yeah that would be my first mistake
Yeah I ... I've been lied to
Your eyes are ice cold blue
A mirror of the heart inside of you

You can't walk back in my life
You had your chance to be by my side
I don't have to hear you cry to know

Just go
I gave you my word and I promised to love you
Go, it's over
You had your chance
Just go
There's nothing inside me that still feels connected to you
To me you're already gone

I got a new love now
She's my new love now
And she loves me so
Takes me where you never took me
Although you tried too
Her eyes they read so true
So different from the way it was with you

I don't need you in my life
Forgot what it's like to be satisfied
I don't wanna hear you cry 'cause I know

Just go
I gave you my word and I promised to love you
Go, it's over
You had your chance
Just go
There's nothing inside me that still feels connected to you
To me you're already gone

Takin' a look at these photographs
Fightin' my tears I try to relax
'Cause you came and you left and it all went by so fast

Just go
I gave you my word and I promised to love you
Go, it's over
You had your chance
Just go

Just go - 2/2

There's nothing inside me that still feels connected to you
To me you're already gone

Just go

I gave you my word and I promised to love you

Go, it's over

You had your chance

Just go

There's nothing inside me that still feels connected to you

To me you're already gone

I got a new love now

I trusted you

And that would be my first mistake
