

# Running away - 1/1

**Interprété par Jesse McCartney.**

You're knocked over  
You're fadin'  
And it always ends the same  
Your head's on my shoulder  
As we float away  
So many good times you and I  
It makes it so hard to say good-bye

'Cause it always feels like Sunday  
When I drive you home  
Maybe we'll be fine by Monday  
But tonight I'm alone  
Baby, when I can't be with you  
I still want you close  
'Cause it always feels like Sunday when you go  
When you go  
Mmmmmmm

Your scent on my t-shirt and it never seems to fade  
An empty seat now next to me but never is filled as space  
Every moment you're not here  
Reminds me how much I need you near

'Cause it always feels like Sunday  
When I drive you home  
Maybe we'll be fine by Monday  
But tonight I'm alone  
Baby, when I can't be with you I still want you close  
'Cause it always feels like Sunday when you go  
When you go

On a sunday  
Gone on sunday  
It feels like sunday  
It feels like sunday

'Cause it always feels like Sunday when I drive you home  
Maybe we'll be fine by Monday  
But tonight I'm alone  
Baby, when I Can't be with you I still want you close  
'Cause it always feels like sunday

It feels like sunday  
It feels like sunday  
When you go  
When you go  
Oohhhhh
