

Final destination - 1/1

Interprété par Within Temptation.

I've given my final moment
But it's turning back on me
On every corner I turn i can feel it waiting
And just a moment of awareness
I can easily slip away
And then I'll be gone FOREVER !
I'm searching
I'm finding for a way to get through
To turn it away
It's reigning, always trying
Feel the hands of fate
They're suffocating
Tell me what's the reason ?
Is it only inside my head ?
Can't take it no more
All around me I see danger
And it's closing in on me
Every second I can hear it
Breathing
I can't stand the feeling inside of me
'Cause the speed of me is jaded
And it will be my end
I'm searching
I'm finding for a way to get through
To turn it away
It's reigning, always trying
Feel the hands of fate
They're suffocating
Tell me what's the reason ?
Is it only inside my head ?
Can't take it no more
But no one faced what's coming my way
And I will let my fear fade away
Whatever may be, I'll have to find out
It's reigning, always trying
Feel the hands of fate
They're suffocating
Tell me what's the reason ?
Is it only inside my head ?
Can't take it no more
