

Aquarius - 1/2

Interprété par Within Temptation.

I hear your whispers
Break the silence
And it calms me down
Taste on my lips
Your salty kisses

They say I'm seeking up the danger
That one day you will let me go

I need you Aquarius
And try to learn
We'll have to stay
I feel you Aquarius
Cause you don't see
Set me free
You call to me Aquarius

I relinquish
To your powers
From your grasp
I just can't hide

Mr. Danger
I had to conquer
You made me feel alive

They say I have to be aware
That one day you will let me go

I need you Aquarius
And try to learn
We'll have to stay
I feel you Aquarius
Cause you don't see
Set me free
You call to me Aquarius

I long for you Aquarius
I need to be with you again
I feel you Aquarius
My destiny 'till the end

I need you Aquarius
And try to learn
We'll have to stay
I feel you Aquarius
Cause you don't see

Aquarius - 2/2

Set me free
You call to me Aquarius

I need you Aquarius
And try to learn
We'll have to stay
I feel you Aquarius
Cause you don't see
Set me free
You call to me Aquarius
