

Bittersweet - 1/1

Interprété par Within Temptation.

If I tell you
Will you listen ?
Will you stay ?
Will you be here forever ?
Never go away ?

Never thought things would change
Hold me tight
Please don't say again
That you have to go

A bitter thought
I had it all
But I just let it go
Hold your silence
It's so violent
Since your gone

All my thoughts are with you forever
Until the day we'll be back together
I will be waiting for you

If I had told you
You would have listened
You had stayed
You would be here forever
Never went away
It would never have been the same
All our time
Would have been in vain
Cause you had to go

The sweetest thought
I had it al
Cause I did let you go
All our moments
Keep me warm
When you're gone

All my thoughts are with you forever
Until the day we'll be back together
I will be waiting for you
