

Kiss the bride - 1/2

Interprété par Christophe Willem.

Tell me why
I don't want to touch you now
When I cry
Close the door
I can't stand to see your eyes
Anymore
No regret, don't forget
What I gave
I don't need you to explain
I don't need to wait in vain

I don't wanna kiss the bride
I just want to find me a girl
Unlike you
I don't wanna kiss the bride
I just want to find me a girl
Who cares too
I don't wanna kiss the bride
I just wanna find me a girl
To leave you

Break it all
I don't care it's not a shame
Our love is gone
Take it all
I won't ever call your name
I'll carry on
No regret, but don't forget
What I gave
I don't need you to explain
I don't need to wait in vain

I don't wanna kiss the bride
I just want to find me a girl
Unlike you
I don't wanna kiss the bride
I just want to find me a girl
Who cares too
I don't wanna kiss the bride
I just want to find me a girl
To leave you

How can I keep on loving
When you won't get along
You never thought you were
The one for me

Kiss the bride - 2/2

I don't wanna kiss the bride
I just want to find me a girl
Unlike you
I don't wanna to kiss the bride
I just want to find me a girl
Who cares too
I don't wanna kiss the bride
I just want to find me a girl
To leave you

I don't wanna kiss the bride
