

Good girl gone bad - 1/1

Interprété par Rihanna.

It aint love, but it aint so bad
She aint nothin like you ever had
Face of a woman, hands of a child, yeah
Been a long time comin, now shes goin wild
Well I know she aint the girl next door
She aint the girl she was before

Shes a good girl gone bad, one kiss can drive me mad
Good girl - come on - show me the way

The girl cant help it, shes out of control
I gotta have her, shes so hot to hold, yeah
Shes gettin her way, but Im havin my fun
Steamin up the window with the radio on

She aint searchin, she knows the score, it aint love shes lookin for
But now shes gone too far, she found love in the back of my car

Shes a good girl gone bad, one kiss can drive me mad
Good girl - come on - show me the way
Shes a good girl gone bad, the best love I ever had
Good girl - come on - take me away, oh, take me away, take me away

She aint searchin, she knows the score, it aint love shes lookin for
But now shes gone too far, I know

Shes a good girl gone bad, one kiss can drive me mad
Good girl, come on, show me the way
Shes a good girl gone bad, the best love I ever had
Good girl, come on, take me away
