

Shut up and drive - 1/2

Interprété par Rihanna.

I'm just looking for a driver whose's qualified
So if you think that you're the one, step into my ride
I'm gonna it find for this super fame machine
Sort of type like a ganster lead

So if you feel it let me know, know, know
Come on and what you're waiting for, for, for
My head is waiting to explode, explode, explode
So call me other watch me go, go, go

Do you really wanna go, if you know what I mean
Got a ride that's smoother than a limosine
With a head of curls that runs all lights
If you can baby, we can go all night
It's nearly sixty three for five
Baby you got the key
Now shut up and drive, drive, drive
Shut up and drive

I got class like a fiftycent cadlilac
You gotta drive with a whole lot of boemalac
You look like you can handle what's under my hood
You keeping saying that you will, but I wish you would

So if you feel it let me know, know, know
Come on and what you're waiting for, for, for
My head is waiting to explode, explode, explode
So call me other watch me go, go, go

Do you really wanna go, you know what I mean
Got a ride that's smoother than a limosine
With a head of curls that runs true lights
If you can baby, we can go all night
It's nearly sixty three for five
Baby you got the key
