## Interprété par Take That.

Girl, come on over here
Let me hold you for a little while
And remember I'll always love you
Forever
Everything changes but you

We've said goodbye, the taxi cab is waiting Now don't you cry, just one more kiss Before I have to go Hey girl I know the situation changed And so much is new but something in my life Remains the same cos

Everything changes but you
We're a thousand miles apart
But you know I love you
Everything changes but you
You know everything single day
I'll be thinking about you

The rumors true, you know that there've been others What can I do, I tell you baby they don't mean a thing Now girl don't go and throw our love away I'll be home soon back in your arms to hear you say that

Eveything changes but you
We're a thousand miles apart
But you know I love you
Everything changes but you
You know everything single day
I'll be thinking about you

Everything changes but you
We're a thousand miles apart
But I still love you
Everything changes but you
I'll spend everything single day
Thinking about you

Though everything changes around us (Baby don't U cry)
We will be the same as before more

Everything changes but you We're a thousand miles apart And I still miss you baby Everything changes but you
