

## Leaving tonight (avec jennifer hudson) - 1/3

Interprété par Ne-Yo.

I believe that love & trust are one in the same  
I don't think you can truly love someone unless you trust them  
That blind trust, beyond a shadow of a doubt  
No matter what this person say or that person  
You believe your man  
Now you say you love me  
But everytime one of your little friends come at you with something  
we gotta to this.

Momma I'm trying (I'm trying)  
To show you that I'm real  
Tell me what I gotta do to show you I'm for you

Two hundred and sixteen  
Thats how many time that I went back and thought about it  
In my mind  
Could she (could she) really be, who he's tell me that she is  
That's something about it that don't feel right  
Saturday she called here twenty six times

I am leaving tonight  
outta my life  
Everyone said you ain't no good  
And you proved them right  
Leavin' Tonight  
It's over and done  
Ain't no sense and trying to  
wait til the morning comes  
(Leavin' Tonight)

Baby now hold up Lets just settle down  
Cus theres is a perfect explanation  
To this situation  
That were going through  
(this thing that were goin through)  
I swear that I dont know that girl  
But I seen her around  
And she has explained how much she want it  
But baby i'm knowing that  
all of me is for all of you

I am leaving tonight  
outta my life  
Everyone said you ain't no good  
And you proved them right  
Leavin' Tonight  
It's over and done

Ain't no sense and trying to  
wait til the morning comes  
(Leavin' Tonight)

Oh I wont deny that everything in my body wants to love the trouble  
(Then whats the problem girl ?)  
See I cant take this serious, when your just having fun  
(Oh I'm not just having fun)  
Steady running around  
(I'm not running around)  
Making fool of me

I'm your man  
(Your the man)  
Trust in me  
(uh huh)  
Don' let them interfere with us being happy  
(Babe)  
Love me girl

I love you  
thats a fact  
(Say that you love me babe)  
But I'll be damned  
If Imma let you up and disrespect whose been there from the start  
And I've been disrespect, my heart  
You claim (you claim) to not know her (not know that girl)  
But name and number is in your phone (she even got a ringtone)  
You care to explain that part?

Saturday she called here twenty six times  
(I know you counted)  
You kept telling me not to worry about it  
(Please don't worry about it)  
Wanna believe you're telling the truth  
(So don't doubt it.)  
But if you are lieing to me

Im not leaving tonight  
(Leavin Tonight)  
Girl your my life

(Leavin Tonight)

Let's leave this alone and lets make love til the morning comes  
(Not leaving tonight)
