

No sign of life - 1/2

Interprété par Emma Bunton.

I wake up crying and I think of u
There's something dying
And my world lines broken in two
A voice says get out of bed
But instead I lay back and go out of my head

I've never been here at the crying stage
Was I the fool who never turned to read the last page
And now it's another day
You're gonna, pay for the love that I gave away
Baby it's all that I can do
To hold back the love I feel for you
All I can think about is getting through
Now that I know that there's

No sign of life
Living without you
No sign of life
Can't seem to face the truth
No sign of life
Cant breath without u
No sign of life
So how am I gonna get through

No more pretending that my luck has changed,
Won't see me crying but the tears still flow through my veins
I know that I'm getting strong
Cos the tears that u see wont be there too long
Baby it's all that I can do for you
To turn back the hate I keep for you
Now all I can think about is getting through
Now that I know there's

No sign of life
Living without you
No sign of life
Can't seem to face the truth
No sign of life
Cant breath without u
No sign of life
How am I gonna
How am I gonna
How am I gonna get through

Get through-oh-oh
Without you
