Let's go to war - 1/1

Interprété par Murderdolls.

I'm the motherf**king wrench Thrown in the gears Everything was great 'til I got here I'm a bad guy inside and out Put your faith in me and I'll spit it out And I admit I'm a basketcase With lipstick smeared across my face Cocked and loaded, can't shut me up Blame it on the music to cover it up (chorus) Hey stupid don't suck your thumb Take your diaper off and put your helmet on Destroy 'til there is no more Put your helmet on, lets go to war Let's go, let's go, let's go

Some things are better left unsaid, But I'd like to see a bullet in your head

Charge the damage to my card And I'll see you on the graveyard boulevard. Have a boot to the face, it's sits on me Hard to talk shit with no f**king teeth Spit 'em out, spit 'em out all in a row So pucker up sucker, here's one for the road (chorus) (lead: tripp) Shut your face and open your eyes Your whole f**king life was a lie And everything that you stood for Just had it's ass kicked out the door Well I am rubber and you are glue I'll beat the motherf**king shit out of you You're pro-life and I'm pro-death And I'll throw you from the tree And break your f**king neck
