

## 30 minute boyfriend - 1/1

Interprété par Julian Casablancas.

I think you're pretty  
I think you know it  
You got a boyfriend  
You just forgot him that's all  
For five minutes that's all  
You're my best friend that's all

Divide and conquer  
Train him to be greedy  
Why would the person put the advantage by fair?

Will you become what other people think of you?  
I hope you don't feel lonely when you're spending time with me your friend

Wish you were here with me  
Wish I was there with you  
I'm reaching feeling for you  
I wanna be up with you again and again

We wait for each other  
But we are not lovers  
I picked a good time to leave  
I think it made you mad

You're talking about  
You're talking about what I'm saying  
Now

Wish you were here with me  
Wish I was there with you  
If you wanna talk I think we should  
But me and where don't work so good

Will you become what other people think of you?  
I hope you're not too lonely when I'm spending time with my old friend

Oh oh  
Yeah  
Okay  
Subtle indications dribble away which you don't care about  
Yeah  
Okay  
Go
